EKATERINA KOZACHENKO

FRONTEND DEVELOPER

PROFESSIONAL PROFILE

Hi there, I am Front-end developer. I have experience in creating SPA with React, Redux, ReduxToolkit, JavaScript/TypeScript. Now I am improving my skills in this direction and expanding them with new technologies(now it's React Native). I also plan to learn Angular and Vue in the future. I spend my leisure time on Codewars or with educational books(like "JavaScript Code Refactoring" Martin Fowler) and also improving my English. Open for your suggestions!
